Gentlemen:

Reference is made to your GACC Document No. 151X5.540,
requesting clarification concerning insurance of items shipped
Railway Express.

In the past for special reasons it was agreed that ship-
ments would be insured for the estimated value of the equipment
included therein.

The basis for this method of insured shipments has again
been reviewed and accordingly, you will discontinue insurance
of shipments immediately upon receipt of this letter.

Yours very truly,
